Dear Mr. Csizmadia:

Thank you for your continued interest in the USDA Dairy Equipment Review program. It is my pleasure to issue this letter of acceptance for your high pressure tubular heat exchanger, Model Number ADD-Back. Keep in mind that the inlet tube shall have adequate clearance to allow inspection of the inlet after the unit has been installed.

A Certificate is also being issued along with this letter of acceptance. The certificate will expire in five years. It will be Advanced Process Solutions' responsibility to inform the USDA Dairy Grading Branch if there are any changes made to the accepted design during the five year period and to notify the USDA Dairy Grading Branch if the certificate is to be renewed after the five year period has expired.

If you have any questions concerning this report, please call (202) 720-3171. In future correspondence concerning this item, please reference Project Number 12320.

The attached form, DE-101763, states the fee and expense charges associated with this review. Please do not pay these charges at this time. You will receive a billing document along with payment instructions directly from our National Finance Center.

Sincerely,

A handwritten signature in black ink, appearing to read "Rocklyn R. Bates".
